Cluster 3
regulation of neuron projection development
kidney development
renal system development
positive regulation of cell adhesion
cell junction assembly
cell−cell adhesion via plasma−membrane adhesion molecules
positive regulation of cell projection organization
axon guidance
neuron projection guidance
connective tissue development
multi−organism reproductive process
multi−multicellular organism process
respiratory tube development
telencephalon development
positive regulation of neurogenesis
positive regulation of angiogenesis
positive regulation of vasculature development
cartilage development
lymph vessel development
semaphorin−plexin signaling pathway
